

Section 9. Nothing in this ordinance shall be construed as impairing or affecting the power of the Council to pay any expense incurred in constructing or repairing any sidewalk out of the General Fund whenever it so determines by a vote of two-thirds of all the Trustees elect, as provided by the statute under which this Village is organized.

Section 10. It shall be the duty of the owner or occupant of any lot or premises in said Village to remove all snow and ice from the sidewalks in front of or adjacent to such lot and premises, to keep the same free from obstructions, incumbrances and filth. If any such owner or occupant shall neglect to clean the ice and snow from any such sidewalk before the hour of nine o'clock in the forenoon of each day, or shall fail to keep the same free from incumbrances, obstructions and filth, it shall be the duty of the Street Commissioner, Marshal and other officer as shall be directed by the Common Council to immediately cause such snow, ice, obstruction, incumbrance and filth to be removed, and to keep an accurate account of the expense of such removal, and return the same to the Common Council, verified by the oath of the officer or person doing the same, which, if correct, shall be allowed and assessed against such lot or premises, in the manner hereinbefore provided.

Section 11. This ordinance shall be in effect twenty days after its passage.

Section 12. Upon the auditing and allowing by the Council of any bill, account or expense incurred in the construction, (maintenance or repair) of any sidewalk in said Village, as hereinbefore provided, it shall be the duty of the Clerk to prepare a special roll or statement thereof showing the several descriptions of land charged therewith, the names of the owners or occupants thereof, and the several amounts to be charged to each, and deliver the same to the Village Marshal for collection; and the Village Marshal shall thereupon call upon the owners and occupants of such premises respectively and demand and receive payment of such respective sums together with a percentage in addition thereto such as is provided by statute for collecting other taxes, when the same shall have been paid before such statement shall have been placed in said Marshal's hands for collection; and it shall be the duty of such owners and occupants so to pay the same on such demand, together with such percentage, and all sums collected thereon, except such percentage for collection, shall be paid to the Village Treasurer.

The Marshal shall return such special roll or statement, showing the sums paid and what is remaining unpaid, to the Village Clerk, to be presented to the Council at the time of examining the assessment roll and certifying the same back to the Assessor, as provided by the statute in reference thereto, in order that all sums remaining unpaid may be assessed upon and included in such assessment roll, to be collected with the other taxes appearing thereon and in the same manner.

BY-LAW No. IX.

An Ordinance Relative To Closing Saloons and Other Places Where Spirituous Or Intoxicating Liquors Are Sold.

The Village of Concord ordains:

Section 1. That all saloons, restaurants, bars in taverns
