

School-linked health centers bring health care to children where they are—in school!

It just makes sense.

Concord School-Linked Health Center

Providing access to health care and mental health services to all youth in our community.

Concord School

Linked Health

School-linked health centers provide quality health care services on or near school property that help students be healthy and succeed in school. Centers are focused on prevention, early identification and treatment of medical and behavioral concerns that can interfere with learning.

Counseling Services

Providing counseling addressing college, family, marriage/couples, depression, anxiety, life transitions, stress management, conflict resolution, family, communication, grief and loss, relapse prevention, substance abuse, child and adolescent, mental health.

Sarah Bartzen LMSW

Kelly Ottaway LLPC

Ashley Phelps LLPC
