FRAUD ALERT! The county has been hit – and there have been 3 in Concord – with a rash of unemployment fraud cases. Unknown computer hackers are obtaining personal information and applying for unemployment benefits illegally. Usually an employer’s HR department catches wind of this before any damage is done, but heads up because it’s going on quite regularly!

An apparent fraudulent outfit out of California – called Geek Advisers – has been up to no good. They’ve been able to access a few computers locally and freeze them. They then contact the owners to say there’s a virus and they can fix it for app. \$600. Well, the computer is frozen because THEY DID IT! Once the money is paid, the ‘virus’ is gone and the computer is fine again. Beware of this! Generally if you turn your computer off, let it set a few minutes and turn it back on, things are fine without their involvement.

No more warnings on street parking this winter. **NO PARKING ON ANY VILLAGE STREET FROM 2AM to 6AM NOVEMBER 1 to MAY 1!!**
