

POLICE BLOTTER

CONCORD DETACHMENT: JULY 2022

PATROL DAYS IN JULY: 22

PATROL HOURS WORKED: 176

TOTAL DISPATCHES:	63 (App.)
Concord VILLAGE:	28
Concord TOWNSHIP:	22
Calls Out of Area or as Back-up:	13

July was a busy month on a couple of fronts (a week of vacation, 4 additional days of training, etc.) making the compilation of exact numbers and call types a difficult process. That being said, here were the 'major' events for July.

July 5: A larceny of a trailer report handled on S. Gibbs Rd. in the township.

July 8: Units responded to a car/deer crash on M-60 @ Parsons Rd. (This was one of five such crashes there in July. Local residents are dealing with the overflowing deer population one crash at a time.)

July 9: A personal welfare check in conjunction with CPS involvement took place in the 300 block of S. Main St. in the village. (This was repeated two more times in July.)

July 9: A drunk driver was arrested after a car crash in the area of Bath Mills Rd. and Albion Rd.

July 11: Units mitigated domestic situations on Hanover St. & S. Main St. This featured different subjects, different addresses and different issues.

July 11: Another drunk driver was arrested in the area of Albion Rd. and Bath Mills Rd. (Damn, that corner can be a little tricky.)

July 13: A township resident on Cornell Rd. had a bit of a mental health breakdown spurred on by heavy drug usage. She was ultimately transported to the hospital and then to jail for a bevy of warrants.

July 15: Units assisted with a child custody case at the PS Food Mart.

July 19: A high speed pursuit entered the township that started in Albion. The suspect stole a vehicle there and fled police after being spotted and led everyone on a bit of a wild goose chase. After driving through some fields off Van Wert and Cornell Roads, he was eventually captured.

July 23: Units responded to an address on S. Concord St. reference a mental health issue and accompanying threats.

July 25: Concord Excavating reported a larceny of a catalytic converter off one of their vehicles.

July 27: I assisted the Parma deputy in a short pursuit on Erie Rd in which the driver of a vehicle - doing 83/55 - simply refused to stop. After being taken into custody, he stated he slowed down upon seeing the police lights but didn't feel he needed to pull over.

July 28: Some teenagers were driving around the previous night shooting air soft guns into the air. They were identified and dealt with.

July 29: Subjects along the mill pond caused a ruckus by lighting off fireworks in honor of a fallen friend and co-worker. The issue was dealt with.

Yep, it's happened...

A national health agency based in Belgium has decreed that stray and feral cats are a public health crisis and a significant nuisance. They have recommended that stray or feral cats be 'eliminated' immediately. No word on whether the CDC here will follow suit.
