**OFF DUTY POLICE RELATED SITUATIONS HANDLED**

8 in the village and 5 in the township - 13 TOTAL

((No incident numbers are drawn for these)))

August 4: I handled a check fraud case on Erie Rd.

August 5: I assisted the Spring Arbor Police Department on a rollover crash on King Rd. The driver had suffered a medical emergency leading to the crash.

August 8: The Dollar General in Concord reported a woman going into their dumpster and removing old food items.

August 8: Damage was reported - AGAIN - at the bathrooms down at the ballfields. We have good suspects to look at, but nothing definitive yet.

August 9: I assisted deputies in Parma on a domestic assault and civil case that ultimately led to a relatively large investigation involving stolen construction equipment.

August 10: I responded to a trespassing complaint on Behling Rd.

August 11: Units continue to assist CPS on a complaint on Swains Lake Dr. involving a missing child from Georgia.

August 12: I worked with CPS on a case on Mill St. in the village.

August 14: Multiple county and state units responded to various entry points for the Falling Waters trail when calls came in of a naked black man, wearing socks and running shoes, jogging on the trail. Apparently he wasn't on the trail for very long. (Get it?)

August 21: A subject on M-60 in the township reported being hacked and her card falsified and used at Sam's Club in Jackson.

August 24: Myself and Animal Control responded to a dog-on-dog attack on Hanover St. The injured dog sustained serious puncture wounds to his legs and torso in the attack and the owners of the attacking dog were given several citations.

August 25: I responded to assist deputies in Hanover for the arrest of a mentally ill subject trying to get into several house near Farwell Lake.

August 30: I arrested a subject on S. Main St. in the village for a bond violation.

August 31: I assisted the Spring Arbor Police and a Circuit Court Officer in arresting one of the court's 'most wanted' at a paving sight. He might have tried to run when he saw us, but he was wearing large asphalt tamping cleats over his boots and he simply fell over.

Many times each month, Central Dispatch receives 911 calls from people reporting other drivers giving them 'hand gestures' - often while passing. Don't make an emergency call based on 'hand gestures,' as it's a time-honored tradition of conveying how we feel about someone - and not illegal. I've been known to flash a few hand gestures myself a time or two. The flashing of hand gestures generally indicates someone - usually the caller in these - is driving overly slow and being passed by someone in a hurry to get nowhere. Take a nice series of calming breaths and carry on with your day.

### TALES FROM THE TICKET BOOK

How about 83mph in a 55mph zone on N. Concord Rd.? The driver stated he was driving that fast because he'd been looking for me and had a couple of questions about an eviction situation. He received answers to his questions - and a speeding citation.
